

## HOME and SB82 Go to Work at Press Conference About Homelessness

By Luis R. Orozco, LCSW, Mental Health Clinical Supervisor, HOME

On July 1, 2016, HOME and SB82 SA6 made themselves available for support during an LA City/County press conference, where the teams were asked by the LA County Board of Supervisor's (District 2) Office of Supervisor Mark-Ridley Thomas to assist two homeless individuals asking for assistance in obtaining supportive services and a way to obtain California identification. Both individuals were grateful and receptive to our services.

LACDMH's homeless outreach teams (HOME and SB 82) were directly praised by Supervisor Mark Ridley-Thomas as well as some of the councilmembers present in the event. HOME and SB82 SA 6 will continue to work together in an effort to combat homelessness in our neighborhoods.
